Presidents Message:

Dear Garden State Members:

Racing season is here and I want to thank everyone who helped out at work detail. The track is really starting to come around and looks great. I am very excited about the Grands and everything is starting to fall into place. There will be a Grands meeting at the Sunrise Suites in Tinton Falls, on Tuesday, April 11th at 7pm. All committee heads must be present at this meeting. We are only a little more than 2 months away and have several things we need to discuss.

The Garden State Classic was a huge success and our final car count was 152. Please continue to help out on race day to keep the show running smoothly.

Looking forward to seeing everyone at the track!

Jill Forrester
